

Leeds Local Offer

PLAY@Churwell

What is the service?

PLAY@Churwell offers childcare and early education services for 2 -11 year olds in the Churwell area of Morley. This includes before and after school clubs, holiday playscheme, nursery wraparound, and free early education places for 3-4 year olds and pre-school sessions for 2 year olds. We aim to be an inclusive setting and were awarded Scope's Quality Standard Award in January 2015.

Who is the service for?

The before and after school clubs and nursery wraparound are for pupils attending Churwell Primary School and Nursery. The holiday playscheme, pre-school sessions and free early education places are for the wider community. Our team has experience/training in caring for children on the autistic spectrum, children with physical disabilities, speech & language difficulties and children with behavioural needs.

How can I get the service?

Contact us to arrange a visit to discuss your child's needs and what we are able to offer.

How accessible is the service?

Our services are based in a single-storey portacabin on the Churwell School site. There is level access to the building and we have a child-sized disabled toilet and changing facilities. The site is sloping and there are a few steps to access the playing field. The site is secure with key code entry to the site and the building.

Who do I contact for more information?

Contact Cath Dunn, Community Partnerships Manager, on 0113 252 6824
